

**RECRUITING FOR ORIENTEED SPAIN**

**CoreMedia Technical Architect**  
(Full remote)

## CoreMedia Technical Architect (Full Remote)

### DESCRIPTION

We are experts in e-commerce who work at an international level and guide brands towards their digital transformation, incorporating innovative technologies of leading platforms in the market.

We are looking for a CoreMedia Technical Architect to join our team and play a key role in technical e-commerce development projects.

#### MAIN TASKS:

- Determine organization needs and identify system specifications
- Analyze the needs of large systems and breaking them down into smaller manageable parts
- Plan and design the structure of technology systems, discuss these with the client
- Communicate best products and systems to client
- Communicate system requirements to software designers and developers; explain system structure to them and provide assistance throughout the assembly process.
- Choose suitable software, hardware and suggest integration methods.
- Oversee development and implementation of assigned programs and guide teammates
- Help resolve technical problems as and when they arise
- Development of technical documentation.
- Adherence to quality and organization control standards of Orienteed and our clients.

## CoreMedia Technical Architect (Full Remote)
